

NURUDEEN ARNOLD

Cape Town, South Africa | +27 71 890 8582 | Nurudeenarnold@outlook.com

PROFESSIONAL SUMMARY

Full-stack software developer with 1.5+ years of internship experience across enterprise and project-based environments. Comfortable across the stack with Angular, React, C#.NET, TypeScript and Python, and focused on shipping clean, maintainable code in collaborative teams.

TECHNICAL SKILLS

Languages: C#, TypeScript, JavaScript, Python, Java, Kotlin, SQL, HTML, CSS

Frameworks & Libraries: Angular, ReactJS, ASP.NET, Tailwind CSS

Tools & Platforms: Git, Firebase Realtime Database, Android Studio, Agile/Scrum

WORK EXPERIENCE

Full Stack Developer Intern — ABSA (Remote)

Cape Town, South Africa · August 2024 – July 2025

- Built and maintained internal web tools used across ABSA business units, partnering directly with a senior developer to deliver features against sprint deadlines.
- Developed responsive interfaces and APIs using Angular, TypeScript, C# and Tailwind CSS, contributing production-ready code to ongoing enterprise projects.
- Participated in code reviews, debugging sessions and iterative releases, improving code quality and shortening feedback cycles on assigned features.

Full Stack Developer Intern — CapaCiTi (On-site)

Cape Town, South Africa · February 2024 – July 2024

- Shipped features for team-based projects simulating real-world delivery, covering planning, implementation and handover within fixed timelines.
- Implemented front-end and back-end functionality using ReactJS, JavaScript, Python and Firebase Realtime Database, integrating data flows end-to-end.
- Applied Git-based version control and agile ceremonies to coordinate work across a multi-developer team.

EDUCATION

Diploma in Software Development — IIE Rosebank College

2021 – 2023 · Focus: C#, ASP.NET, SQL, Java, Kotlin, Web Development

National Senior Certificate — Rylands High School

2019 · Mathematics, Information Technology, Physical Science

LANGUAGES

English (fluent) · Afrikaans (basic)
